 This is the page of Darwin, son of Andy. You can see some puppy photo's of Darwin on this page. Darwin was born in the Fanto-Heimen's kennel in Trondheim, Norway. When the litter was 7 weeks old I went to Norway to see the litter and flew back home with Darwin on my lap. Due to my health problems in 2004-2005 he was not shown as much as the others as youngsters. Below you can see Darwin's titles. Beside his looks he really has brains! Darwin is a Curly who is a pleasure to train both in the field and obedience. The modern positive trainings methodes and clickertraining suits him very well.   
 Unfortunately I had my last shootingday end of 2003, due to the death of the owner of the shooting party in Belgium where my dogs worked for a few seasons. So Darwin never had a change so far to do the real job, and due to all the new laws in Holland and Belgium shooting becomes more and more difficult, so it seems we have to settle for the artificial tests. But Darwin's obedience talent makes up for that, it also became a nice sport for us.
